A rolling 8,300 sqm plot offers unrivalled peace, privacy and open mountain views.

It's the ultimate in quiet luxury: watching the sun set over your private garden before retreating to a cosy fireside seat, settling in for an evening of blissful relaxation.

The designers of this extraordinary chalet-style home took full advantage of its spectacular mountain setting, creating an everyday backdrop of breathtaking views. The house is positioned to one side of the plot, offering approximately 450 sqm of accommodation, almost all on a single level.

Inside, we find a flowing open layout, lofty ceilings and a rich, warm palette of lustrous solid wood, natural stone, concrete, terracotta and glass.

The interior is currently arranged into three generous sections, but the inherently flexible approach to space makes it easy to envisage alternative floorplans. The first section brings together the kitchen, family room, bathroom and mezzanine. From here, we pass through a stunning doorway into an airy open space, opalescent with the natural light beaming through floor-to-ceiling windows. This second section makes a spectacular living area, offering plenty of inviting corners for reading and contemplation. Finally, we come to the master bedroom, warmed by its own fireplace and served by a full bathroom. Upstairs, there is a second bedroom and a versatile space with countless potential uses.

Adjacent to the house is an extensive outdoor entertaining space perfectly suited for intimate family gatherings and special occasions. Peaceful, spacious and beautifully appointed, this extraordinary home is ideal for combining quality family time with the freedom to work remotely.

The plot is considered to fall within the Soria urban area, making further building work a viable possibility.

Its serene mountain setting is deceptively convenient: secluded in a quiet village, the property is a mere 15 minutes from the bustling heart of Soria, where you'll find all the advantages of city life, and an easy journey of just over two-and-a-half hours to Madrid. Alternatively, you can avoid the crowds by heading to some of the incredible natural beauty spots
